A note about the required books: They do not need to be new copies. Used bookstores are great places to get books at discounted prices, and texts can also be purchased both new and used online. Books can also be downloaded to e-reader devices such as tablets or laptops for use in the classroom. Furthermore, I will be providing an order form on registration day as well as on the first day of classes for students wishing to order the books through the school. I will be submitting this order during the first week of September.

Literature 113

- We will be reading a wide variety of short stories and novels throughout this course. We will be accessing books from the public library as much as possible (if not completely) to keep your costs down. If you should choose to purchase any of the books, ample advance notice of the titles will be given in class. You will also have an opportunity to purchase each of the books through Mrs. Mohr at multiple points throughout the year.
